Речевая разминка

T: What teenage problems do you know?

PI-I think it's right because I spend too much time with my friends. My mom wants me to take care of my brother.

P2- If you ask me I don't think so because I like to spend my free time with friends. My Mother doesn't let me waste my time. I sometimes have problems with my parents.

Teacher - I am sorry to hear that but I think it's impossible to live without problems. So today we shall discuss the possible ways of solving your problems. Look at the screen and read the poem.

TEENAGE LIFE

There are many people but you feel alone.

You want to do what you want but your parents say when to come home.

You want to be a grown-up but on the other hand you miss your childhood.

You are allowed to do so many new things

but there is the fear of decisions and responsibility.

You laugh, you cry, you keep quiet, you want to sing.

Sometimes you can't explain what you feel.

These are problems of TEENAGE LIFE.

Sometimes it's really great

but it also can be as hard as a knife.

What do you think about problems of teenage life? Приложение 3 (прочитать и ответить на вопросы)

Монологические высказывания по теме «Проблемы подростков»

P1- One of the worst teenage problems is schooling. Sometimes you feel bad because of teachers' or classmates' attitude to you. You are tired of studying, that's why you don't have energy and time for doing other things. Also I'd like to say that a lot of teens like to look older, that's why they obtain bad habits like smoking, drinking, taking drugs, etc. But a teen can have bad habit because of problems in private life.

P2- Parents press on their child, they think he is iron and he doesn't feel soul ache. Parents want us to study very well; they don't understand that we do everything a good as we can. They don't respect our interests thinking that we become strange because of music or sporty.

P3- Every teenager has a favorite singer, writer or sportsman. But no one should become a fan, because we can kill our individuality and become clones. Sometimes a quarrel between teens can lead to serious problems. It's very dangerous! Also bad relationships between members of the family make the teen very unhappy. The teen doesn't get along with parents and relatives.

P4- I think loneliness, lack of pocket money or parents' misunderstanding can make teens unhappy. None should be angry because of teen's feelings. The boy or the girl often doesn't control his or her feelings. Streets and street bands can make a teen ruder. That's why parents shouldn't allow their children to have such interests.

P5- I know a lot of boys and girls, who think that cleaning their room is the most important problem. They think it's boring and useless, because the room will become dirty 5 minutes later. I think, teens who have comps are very boring and uninteresting. You can't speak with them about something beside there comps. It's a real problem, to my mind.

P6- I think that when a person grows and stops being a teen, he or she stops understanding us. Only teen can understand people, who are the same age as he is. It's really difficult to be a teenager!

Teacher O'K. I see you have your own ideas about teenage problems and you know what friends should or shouldn't do. Let's check your home task.

Teacher- Thank you children. It is not easy to be young, is it? Why? Now you know what problems teenagers can have.

In conclusion, I'd like to say that growing up brings a lot of problems. But you are too young to see only bad sides of life. Remember! There is always a way out of every situation

Our lesson is over. You have worked hard today.

Приложение 1

*Growing up, doesn't it just suck
(nozuuqaem)?
It seems to be full of constant bad luck.
Zits (npuuu), bad hair days and
putting on weight,
So many reasons for your self-hate.
But hey, you're alive, you're unique,
you're so cool,
Why do you always feel such a fool?*

*Be true to yourself, forget all your faults,
And you'll soon be thinking much happier thoughts.
Live life to the max and paint your town red,
Who cares what people think and what they've said?
Don't let them win and make you feel bad.
'Cause people like that are really quite sad.
So, enjoy your teens and have some fun,
Your life has only just begun!*

Laurie R. King

128 Match the letters and Jackie's replies. Jackie is a teenage magazine correspondent who writes answers to teenagers' letters.

Write her answers next to the letters:

Letter A ☐ Letter B ☐ Letter C ☐

1. This is a very difficult situation. I'm sure your parents and teachers want you to do well in your subjects. They are thinking about your school life. You will have to do a lot of extra work if you want to continue with languages. But it's also very important that you enjoy your lessons. Perhaps you could speak to other teachers and see what they think?
2. You are right, smoking is bad for your health and disgusting. It's very difficult to stop smoking once you have started. So don't listen to them and then perhaps your friends will be more like you.
3. Have you explained your situation carefully to your mum? If you promised to do all your homework on Saturday mornings, maybe then she would allow you to have a job in the afternoon?

Teenage Problems.

Today it is fashionable to speak about teenage problems. A few years ago alcohol, fights, killings and other kinds of violence were more problems for adults than for young people.

But now, as official reports admit, violence, AIDS, drugs and alcohol are more and more associated with youngest. For many children from poor families violence, drinking problems and all that is associated with poverty becomes more real than reality.

The Government surveys show that every fifth teenager who was arrested for criminal actions, was younger than 14 and couldn't be sent to prison. Almost half of teenagers have an experience with drugs, alcohol and sex under age of 16. A lot of teenagers who have drug or alcohol addiction almost never believe that they are dependent. These things are often combined with family and school problems.

What has gone wrong? Some specialists explain that the changes of our society, the system of our life force young people to choose their own lifestyle. On the one hand, our society agrees that 15-17-year-old people are old enough to be responsible for what they do and give them quite a lot of freedom and rights. On the other hand, most adults think that teenagers are too young to be taken seriously. This misunderstanding produced many problems. Actually, a lot of teenagers say that their parents let them do anything they want and are quite indifferent to their problems. Many teenagers get upset or depressed when they can't solve their problems. As a result, it makes them believe that there is only one way out - to stop living and commit suicide.

No doubt, the teens' problems will increase. And young people should feel that they are cared for.
